NOTES TO FINANCIAL STATEMENTS

December 31, 2003

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Organization and Nature of Operations

W. R. Taylor & Company, L.L.C. is a broker-dealer registered with the Securities and Exchange Commission and is a member of the National Association of Securities Dealers (NASD). The Company is an Alabama Limited Liability Company. W. R. Taylor & Company, L.L.C. serves as a bond placement agent, remarketing agent, and financial advisor for municipal transactions involving originating, developing and underwriting tax-exempt and taxable IDB bond and note financing for agribusiness and middle market companies throughout the United States. For 2003 most customers were agribusiness clients.

2. Concentration of Credit Risk Arising From Cash Deposits in Excess of Insured Limits

The Company maintains its cash balances in one financial institution which from time to time exceeds the \$100,000 federally insured limit. At December 31, 2003, the company's uninsured cash balance totaled \$257,205. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash and cash equivalents.

3. Cash and Cash Equivalents

For purposes of the statements of cash flows, the Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

4. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

5. Property and Equipment

Major additions for property and equipment are capitalized at cost; maintenance and repairs are charged to expense as incurred. When items of property or equipment are sold or retired, the related cost and accumulated depreciation is removed from the accounts and any gain or loss is included in the results of operations.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the respective assets.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2003

NOTE A <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

6. Accounts receivable

The company has elected to record bad debts using the direct write-off method. Generally accepted accounting principles require that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

7. Income Taxes

The Company is treated as a partnership for income tax purposes and is not subject to income tax. Income is taxed directly to the member. Accordingly, no provision for income taxes is presented in the accompanying financial statements.

8. Net Capital Requirements

At December 31, 2003, the Company had net capital of \$101,718 which was \$85,255 in excess of its required net capital of \$16,463. The Company's net capital ratio was 2.43 to 1.

NOTE B PROFIT SHARING PLAN

The Company sponsors a 401(k) plan. The plan covers all employees age 21 and older. Employees may contribute up to 15% of their compensation to the plan. The plan does not permit matching contributions. The Company may make discretionary contributions to the plan in addition to employee contributions. The Company elected not to make a discretionary contribution for the year ended December 31, 2003.

COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS UNDER RULE 15c3-3 OF THE SECURITIES AND EXCHANGE COMMISSION

December 31, 2003

Because the company does not carry securities accounts for customers or perform custodial functions relating to customer securities, the company claims an exemption from SEC rule 15c3-3.

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

W.R. Taylor, Member W.R. Taylor & Company, L.L.C.

In planning and performing our audit of the financial statements and supplemental schedules of W. R. Taylor & Company, L.L.C. (the Company), for the year ended December 31, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons
- 2. Recordation of differences required by rule 17a-13
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's abovementioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
